Career Objective

Results-driven Data Analyst with hands-on experience in SQL, Power BI, Excel, and Python. Skilled in transforming raw data into actionable insights, building interactive dashboards, and supporting data-driven decision-making. Seeking an entry-level role to apply analytical expertise and contribute to business growth.

Skills

- **SQL:** Data extraction, Joins, Aggregations, Query optimisation
 - **Power BI:** Dashboard development, Data modelling, KPI tracking, Basic DAX
 - **Excel:** Data cleaning, Pivot tables, VLOOKUP, Data analysis
 - **Python:** Pandas, NumPy for data manipulation and analysis
-

Projects

Sales Performance Analysis Dashboard

🔗 github.com/siva-1941/Sales-Performance-Analysis

- Processed and analysed large sales datasets to evaluate revenue, profit, and regional performance trends
 - Designed and developed an interactive Power BI dashboard to monitor KPIs and business metrics
 - Identified high-performing products and underperforming regions to support strategic decisions
 - Detected seasonal sales patterns and trends to improve forecasting and planning
 - Utilised SQL for efficient data extraction, transformation, and analysis
-

Customer Analysis using RFM Segmentation

🔗 github.com/siva-1941/customer-analysis-dashboard

- Applied RFM (Recency, Frequency, Monetary) analysis to segment customers based on purchasing behaviour
 - Identified high-value, loyal, and at-risk customer segments for targeted marketing strategies
 - Generated actionable insights to improve customer retention and business profitability
 - Analysed customer distribution and buying patterns using SQL and Excel
 - Built dashboards to visualise customer insights and support decision-making
-

Education

- **Master of Computer Applications (MCA)** – Pursuing (2024 – Present)
 - **B.Sc Computer Science** – Government Degree College, Nagari (2023)
-

Certifications

- Data Science Bootcamp – OdinSchool (2025)
-

Key Strengths

- Strong analytical thinking with a data-driven mindset
- Effective problem-solving and critical thinking skills
- Quick learner with adaptability to new tools and technologies
